HEALTHY DOUBT

Today we celebrate Trinity Sunday. We hear in the Gospel today that some of those gathered doubted even in the presence of the Risen Lord. We may be shocked that the disciples could doubt, even in Jesus's presence. But it should also console us. Doubt helps us ask questions and helps our faith to grow. It is healthy, it is sometimes necessary; it reminds us of the mystery of God. Those who claim they know for certain, surely have no room for growth. And we know that the disciples learned and grew and faced many challenges along the way. It was a very human journey. And so it is for us. Jesus offers us the assurance that he is with us always, even when doubt clouds our vision. We do not emerge the other side unchanged. Doubt can sometimes help us in our faith; it keeps our mind open, our hearts searching and can bring us to a new point if we allow it.

'Each one of you has to be God's microphone. Each one of you has to be a messenger, a prophet... Where is your baptism? You are baptised in your professions, in the fields of workers, in the market. Wherever there is someone who has been baptised, that is where the Church is. There is a prophet there. Let us not hide the talent that God gave us on the day of our baptism and let us truly live the beauty and responsibility of being a prophetic people.'
